\$100 A MONTH FOR LIFE

A WOMAN CLIENT of ours has a guarantee from us of \$100 a month for life after she reaches sixty.

If she dies before sixty, all her deposits will be returned with dividends to her heirs. Should she discontinue her contract, its full cash value will be paid to her with dividends.

No matter how long she lives after age sixty, she cannot outlive her monthly income—and the longer she lives, the larger will be her return on her original investment.

Poverty in old age can never be her lot. When her earning power has passed, she is assured of many happy years, free from dependence upon charity or relatives.

Let us show you how cheaply and easily this can be done.

RUTLAND

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 176, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Schenectady 95, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77.

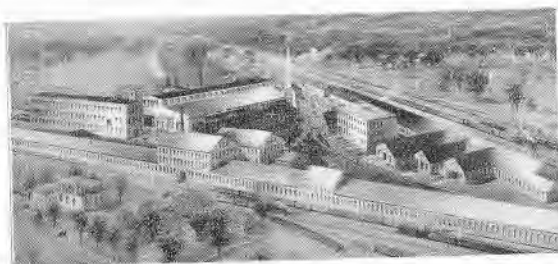

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,000 feet. City is 600 feet above sea level. Contains land area of 5,335 acres, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

INDUSTRIAL—Rutland leads the State in industry. In 1930 there were 37 major plants producing \$6,118,927. Employing 1,642 with a payroll of \$2,093,861 annually. Materials used annually cost \$2,386,421. In the Greater Rutland industrial district there are 113 plants with 5,112 employees, and a payroll of \$6,642,906, value of products annually \$17,950,765. The leading products are antiseptics, medical products, awnings, flags, barrels, confectionery, cement, tile, dairy and creamery machinery, women's clothing, fire clay, roof cement, shirts, collars, ice cream, printing, maple sugar utensils,

marble, mattresses, railroad car repairing, sand pumping machinery, scales, trucks, refrigerators, beverages, steam boilers, iron work, stone working machinery, tin cans, wood working materials, granite, slate, garden tools, toys, artificial stone finish, iron castings, fruit packing, clothes pins, threshing machines, saws, dairy products. The quarrying of marble, slate, lime, talc, soapstone and fire clay is extensively carried on in the Rutland district. Agriculture, fruit raising and dairying are important in the county. There are 44,184 farm animals in the county. 92% of the labor supply is native born. Average work day in factories is 9 hours, in building trades 8 hours. Available industrial sites are of the best and on trunk line railroads.

FINANCIAL—Rutland has 7 banks and 1 cooperative bank.

There are 4 national banks with capital and surplus of \$1,040,000 and deposits of \$5,785,000; 1 trust company with capital and surplus of \$424,000 and deposits of \$2,000,000; 2 savings with resource of \$22,000,000. There is 1

trust company in Proctor. This makes a total of 8 banks covered by this Directory. City real estate valuation is \$14,100,000, assessed at about two-thirds value.

EDUCATIONAL—There are 6 elementary schools, 1 high and 1 intermediate, making a total of 8 schools. Through a new high school building, provision has been made for growth which is pressing. There are 8 principals and 62 teachers. The schools are managed through a board of commissioners of 11 members elected by the voters of the city. The present enrollment is about 2,600. The parochial school enrollment is over 1,000. Increased enrollment since 1920 is 20%. Public Library has 27,948 volumes. Directory Library has 250 volumes covering 1,200 cities and towns at Chamber of Commerce and maintained by H. A. Manning Company.

POPULATION—The 1930 population of Rutland City was 17,315, Rutland Town and City 18,702. Excess of females over males is 800. Excess of births over deaths is 960 in 7 years past. Since 1870 the growth has been as follows: 1870, 9,834; 1880, 12,149; *1890, 11,760; *1900, 11,449; 1910, 13,546; 1920, 14,954; 1926, 14,825; 1927, 17,446. Total population covered by this directory is 26,283.

MERCANTILE—Rutland is trading center for 100,000. It is the commercial center for an area covering a radius of 40 miles from the city. It has 300 fine stores, retail and wholesale; it has 200 professional offices. The annual payroll of the Rutland industrial district is over \$6,000,000, for all workers within the city is well over \$7,000,000.

TRANSPORTATION—Rutland is the largest railroad center in the state. Steam railroad lines diverge in six directions. The headquarters of the Rutland Railroad is located here, this system has

*Area reduced from previous census

413 miles of main line running from Troy, N. Y., through the length of Vermont and across northern New York to Ogdensburg where it connects with Great Lakes-St. Lawrence River navigation; there is also a branch from Rutland to Bellows Falls where it connects with two important divisions of the Boston & Maine Railroad; a high type of passenger service is maintained; it is one of the great freight services of New England with its transcontinental connections. The Delaware & Hudson Co. have the terminus of two divisions here: the Whitehall division connects with the main line and offers a route into Canada and also into Pennsylvania without change; the other division connects with the main line at Troy. The Clarendon and Pittsford Railroad is a short line. Total numbers of passenger trains in and out of Rutland daily are 26. There are 13 regular freight trains, the total inbound and outbound tonnage annually is 253,000 tons. With the discard of street railway system Rutland inaugurated a complete bus system which has grown very efficient and not only serves locally but interurban. There are also 7 interurban bus lines covering a total of 295 miles. The main route highways diverge in six directions from Rutland. Two of these highways are concrete and three macadam. The airport has a runway of 1900 feet north and south and 1200 feet east and west.

EVERY CITY

must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country, some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

Of Course

ADVERTISING COSTS MONEY

One of the stock alibis of persons who do not advertise or register their business strongly in the Directory is that advertising is an expense.

Of course it is. So is window trimming, lighting, heating, telephone service, postage, rent, cost accounting, price tags and almost everything else that helps to sell merchandise or service.

Yet no business man attempts to get along without these necessities. And most of them are advertising in one form or another.

Attractive windows are effective advertising only to those who pass the merchants place of business. An inviting interior, good lighting arrangement and price tags reach only those who come through the door.

But no merchant who wants to maintain even his present volume of business, to say nothing of increasing it, can hope to continue for very long, in the face of advertised competition, without some aggressive program to attract NEW customers—and when getting them also serving them with a directory handy for use.

Of course it costs money to advertise. But it may easily cost more money to lose that volume of business which is necessary to operate at a profit.

An intelligently planned and executed advertising campaign in the City Directory is within the reach of almost every merchant, professional man and institution. The City Directory is used millions of times annually, and costs less than one thousandths of a cent per user—the least expensive publicity ever devised.

THE BEST ADVERTISING MEDIUM IS THE CITY DIRECTORY

Because it is Used the Most to Find Just Such Informa-
tion You Most Wish to Have the Public Know

FIRST—What line of goods you handle. SECOND—Where
you are located. Pick up a City Directory anywhere, and al-
most invariably you can tell who the progressive, up-to-date
merchants and professional men are. There are many brands
of clothing, shoes, dry goods, groceries, etc., and some prefer
one kind, some another. What better place to state your
special brands than in the City Directory?
